### Bitcoin The Future Of Money

Bitcoin Created The Future Of Money, But Needs To Work With Incumbents Like PayPal

### Bitcoin Created The Future Of Money, But Needs To Work ...

Unfortunately Bitcoin is still very much a work in progress and the book does not really make a case for or against the future of money. Recommend this for readers who need a light weight introduction to the subject as it succeeds in giving an overview of the history and usefulness, as well as the limitations for this emerging commodity/currency.

paleolithic; In the minds of many bitcoiners, the Berlin wall has yet to fall. In other words, one still lives in a world of great stories. There is talk of revolution, liberation and oppression in a linear and totalizing way.

### **Neither gold, nor the dollar, nor Bitcoin. The future of ...**

I am longing for a change, one that brings equality for all future generations. Not wanting to diminish any enthusiasm or hope, but bitcoin is not a solution to (wealth) inequality, although it might help partially (by weakening the financial advantages of those who primarily benefit from "freshly printed" money, see Cantillon effect, f.ex).
